Re: New approved Paint Colors for Lake Village

At the December 16, 2004 Lake Village Homeowners Board Meeting, the following colors were approved for use in Lake Village. These colors are in addition to the existing color palette for Lake Village. Please note that these colors have also been approved for Twin Oaks, Sandpiper and Sandcrab homes, our surrounding neighbors.

The Wild Dunes Community Association ARC must still approve all color changes to your home. Please submit your application to Joel Adrian, the ARC Administrator prior to repainting your home for approval.

Primary Colors: The paint colors are Sherwin Williams paints. The new colors are:
